

V160 Pro Book Scanner

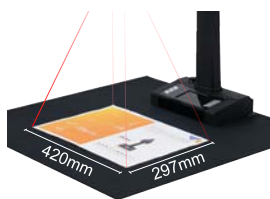

The Smart Book Scanner (V160 Pro) features intelligent and fast scanning to any paper documents, including books, magazines, contracts at the speed of 60sec /40 pages without cutting and unbinding, which can be converted to editable Word, PDF, TIFF and Excel via ABBYY (Optical Character Recognition).

Feature Highlights

- Powerful hardware configuration: 18MP HD and high speed for better scanning.
- Less than 3 sec/page ultra- fast scanning speed up to A3 in size for single sheet.
- When scanning comes, V160 Pro smart book scanner will emit four laser beams for flattening.
- LCD can view the scanned materials in real-time that falls on the scope of scanning area accurately.
- Approved of 3 level LED lights, V160 Pro book scanner can work even in dimly lit environments.
- Intelligent software, V160 Pro has versatility of auto flattening, fingerprint removal, smart paging, etc.

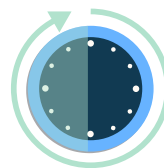

More Details

Scanning Area Up to A3 in Size

Easily for A4, max. up to A3 in size.

60sec | 40Pages

60sec/ 40 Pages Scanning Speed.

Comparing with traditional scanner, the smart book scanner is faster more than ten times.

Without Cutting and Unbinding Books

Unbound books before scanning is not necessary, just scanning by turning the page.

Converted to Editable Format

Scanned documents can be converted to editable format, including Word, PDF, TIFF and Excel

Intelligent Technology

Professional trimming, auto flattening, fingerprint removal, smart paging, purity background, multicolor modes, etc.

Distortion Correction

No matter how random or crooked your document is, the scanner's software will easily correct it when you put it under the camera.

Comes with foot pedal and hand button

More applications to be used and more convenient for our scanning.

Innovative visual presenter function

1080p HD video images tend to be transmitted to projector or large screen in real-time.

Technical Parameter

HARDWARE

- **Senser:** 1/2.3" CMOS
- **Resolution:** 18.0MP 4896x3672
- **Frame Rate:** 30fps
- **Digital Zoom:** Max.100X
- **Lens:** F=2.8
- **Scanning range :** ≤ A3 (420 X 297 MM)
- **Power:** DC12V/1A
- **Illumination System:** Natural Light and LED Light
- **Laser:** 4 Laser Beams
- **Microphone:** Built-in
- **Focus:** Fixed Focus
- **Interface:** USB/ VGA IN/ OUT/ HDMI OUT/ SD Card
- **Schooting mode:** Hand button, foot pedal, mouse
- **Language:**
Support Chinese, English, Spanish, German, Korean, French, Italian, Dutch etc. OEM
- **Software:** Window XP and Above

SOFTWARE APPLICATION

- laser scanning, correction, auto-cropping, background purifying, finger removal, color (B&W, gray scale, color) auto-scanning, manual scanning, timed scanning, blank page detection, watermark, Scanning...

DIMENSIONS

- **Height x Width x Depth:**
7.67" (195 mm) x 4.52" (115 mm) x 14.96" (380 mm)

INSIDE THE BOX

- Book scanner
- Remote
- Adapter
- Location soft pad
- USB cable/HDMI cable/VGA cable
- Hand button/foot Pedal
- CD
- User Manual

Intelligent Image Processing Software

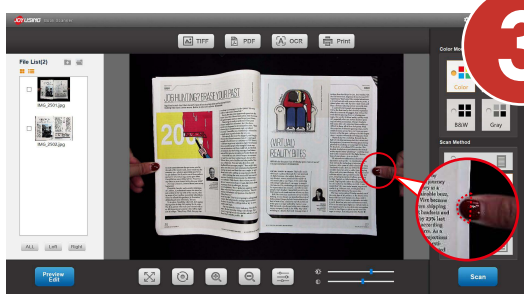

Book Distortion Correction

No matter how random or crooked your document is placed under the camera, the scanner software will easily correct it.

Flattening Surface

With the advanced algorithm, the crimped page could be flattened accurately and paged intelligently.

Finger Mark Removal

Opening and holding down the scanning books under the camera with your fingertips, the software can easily crop your fingers intelligently.

Digitization Book

Convert to editable Word, PDF, TIFF and Excel via OCR (Optical Character Recognition)
